BID

Blacktop Surfacing – Warm Mix Asphalt - 2019

General Information for Bidders

Sealed bids must be received by 12:00 Noon, Tuesday, March 5, 2019 at the Wascott Town Hall as stated in the public notice and Class 2 Advertisement for Bids. Bids may be mailed to: Jeannette Atkinson, Clerk/Treasurer, Town of Wascott, PO Box 159, Wascott, WI 54890. Bid must be submitted using this form.

Bids will be opened at the Regular Town Board Meeting on Tuesday, March 5 at 7:00 p.m. and approval on the award of the contract will be considered. The Town may contact contractors and invite them to bid following the advertising requirements.

The bid must comply with all material requirements of the bid invitation and specifications. The Town reserves the right to reject any bid determined by the Town to be nonresponsive. A bid can be determined as “not responsive” if the contractor added or deleted items from the bid, including, but not limited to, bids for a different type of paving than specified in the advertisement for bid. The Town may re-advertise for bids if the submitted bids are considered not-responsible or if no bids are received. The Town reserves the right to reject any or all bids or portions of bids as determined to be in the best interest of the Town of Wascott.

A written notice of award will be given to the successful bidder. The bidder(s) are required to execute the public contract and furnish required Certificates of Insurance within ten (10) calendar days from the date of the notice of award.

Insurance – Prior to beginning work, the contractor shall furnish and deliver to the Town Clerk, a Certificate of Insurance for Worker’s Compensation and an umbrella certificate of liability and property insurance in the minimum amount of \$3 million dollars, and shall notify the Town Clerk immediately of any cancellations or change in insurance coverage.

Traffic Control – The contractor will be responsible for all temporary traffic control, including furnishing and maintaining all signs, flags, flag-persons, barricades and lights where required, to protect the safety of the traveling public, all in accordance with the Manual on Uniform Traffic Control Devices (MUTCD), currently adopted by the Federal Highway Administration and the Wisconsin Department of Transportation supplement. All work will be done under traffic unless otherwise directed by the Town.

Payment Schedule – Payment shall be made within 30 days of receipt of a properly completed invoice or receipt and acceptance of the property or service, or in accordance with the payment schedule specified in the public contract. Claims for payment shall be filed with the Town Clerk.

Blacktop Surfacing – Warm Mix Asphalt - 2019

Specifications

1. **DOT Standards** – All contracting procedures, work and materials supplied under this proposal, shall conform to the Standard Specifications for Highway and Structure Construction, 2018 edition of the Wisconsin Division of Highways, Department of Transportation, and Trans 204, Wis. Admin. Code.
2. **Contract for Work** – The work shall consist of furnishing all materials, equipment and labor for blacktop surfacing.
3. **Surfacing** – Blacktop construction shall conform to Sec. 450 of the WisDOT standard specifications. Mixture design shall conform to the applicable portions of Sec. 460 of the WisDOT standard specifications. The nominal compacted thickness of the blacktop pavement shall be 2 inches.
4. **Surface preparation** – Finish grading, watering and compacting of gravel surface shall be done by the paving contractor just ahead of paving.
5. **Production** – The contractor shall provide adequate trucks and paving equipment and compaction equipment to assure a continuous paving operation, achieve required in-place density and avoid frequent delays. After the asphalt paving has started, the contractor shall proceed to complete the project at the earliest possible date.
6. **Warm Mix Asphalt Pavement Materials Shall be mix Type LT (No Air Void Regression)** – The asphalt shall be performance graded PG58-28. The contractor shall provide a current mix design that will be used on the project.
7. **Weather Conditions** – Paving shall not be done when the temperature is below 40 degrees Fahrenheit or when rain is imminent.
8. A 2 foot minimum apron will be required at each driveway entrance.
