

## Gordon-Wascott EMS

Annual Report for 2011

Let me start by saying THANK YOU to all the members and town boards of Gordon and Wascott.

2011 run total was 140, which included the 4<sup>th</sup> of July storm, where our crews and members were out on calls for 48 hours along with all the festivities that were going on for Gordon Good Neighbor Days.

Accomplishments for the year were:

- We joined Essentia Health's STEMI Program
- Our EMR'S (1<sup>st</sup> Responders) are now licensed at an advance level
- Service Award program has proven to be a huge benefit
- We are able to buy a new SPO2/Co2 monitor through a grant we received from Embridge
- Recruitment: Always can use more members. If interested in becoming a EMT please contact the Ambulance Base 715-376-2640
- We hosted a blood drive through Memorial Blood Center (watch for more details and dates in the local paper for future drives)
- We held an Open House in mid August and plan to make this annual (date still to be determined) We have this so you can come and meet the members of the service, have your blood pressure taken, get your blood glucose level checked, take a tour of the Ambulance's and when you're done with that enjoy some food and cake.
- Many members hit milestones which include career run totals of 800, 600, 400, 300 and 200 and total years of service for 15 years and 10 years

We are still working on the implementation of C-PAP.

In closing I, Betty Ebert, Director of the Gordon-Wascott EMS would like to say THANK YOU TO EVERY ONE OF THE MEMBERS of the Gordon-Wascott EMS, the Gordon Fire Dept. and the Wascott Fire Dept. for all of the hard work and devotion to the service. You all truly deserve a pat on the back for everything you do and sacrifice for the service. Thank you.

Betty Ebert

GWEMS Director
